

Providing Consent for GAFE through Parent Connect

It is an exciting time for teaching and learning in Delta as we pursue our District Vision of Innovative Teaching and Learner Success. To that end, we are committed to providing students with access to digital tools that will empower their learning and better prepare students to thrive in an increasingly digital world.

As a result, the Delta School District provides teachers and students access to a Delta Google Apps for Education (GAFE) account. GAFE is designed specifically for universities and K-12 school districts and provides access to a powerful suite of district-managed online collaboration and productivity tools. GAFE is currently used by hundreds of school districts and post-secondary institutions, with over 40 million student accounts around the world.

To provide your child with access to these tools consent is required through Parent Connect.

Once logged into Parent Connect select the **FORMS** Tab. Here you will see all the forms which require consent. To provide consent for the Google Tools select Yes from the drop down menu of Google Apps Use Approval. Then click on the Save button.

The screenshot shows the Parent Connect interface for Delta Secondary. The 'Forms' tab is selected. A table of forms is displayed with columns for Document, Category, Due Date, Response, and Select Response. The 'Google App Use Approval' form is highlighted with a red box. A red arrow points to the 'Save' button, and another red arrow points to the 'Yes' selection in the 'Response' column.
