Clothing

- Our dress code at Burnsvue attempts to balance individuality, social convention, functionality, community standards and school values. Staff and students are expected to dress in ways that are appropriate for their particular roles in school and show respect for self, others and the school at all times.
- Students are expected to always make good independent decisions regarding clothing and dress appropriately, keeping in mind that school is a professional environment that requires clothing to be respectful, suitable, and safe.
- Clothing should not present as a distraction to others.
- Clothing worn at school should be appropriate for a learning environment, for example:
 - Clothing on the top must have fabric covering the front and sides.
 - Clothing must cover undergarments.
 - Clothing must be free of inappropriate writing, messaging, images, or offensive language that refer to drugs, alcohol, any tobacco product, sex, violence, offensive language or racism.

Consequences

The consequences for unacceptable conduct may include one or more of the following:

- Meeting with parents
- Suspension from school
- Loss of extra-curricular privileges including not being permitted to attend the Graduation Banquet and the Valedictory Ceremony or participate in school sports or clubs
- Legal and/or financial responsibility
- Referral to the Superintendent of Schools
- Referral to the Delta Police
- Withdrawal from school.

Rising Expectations

The Code of Conduct recognizes that as children grow and mature, they are more able to make appropriate decisions and to be responsible for their actions. As students progress through school, they are expected to:

- Acquire greater knowledge and understanding about their personal behaviour and its impact on others.
- Learn and utilize appropriate decision-making strategies.
- Demonstrate increasing self-discipline.

- Take increasing personal responsibility for their actions and learning.
- Be subject to increasing consequences for inappropriate behaviour.

When determining consequences, consideration is given to the maturity as well as the intellectual, social and emotional capacity of the student along with the severity and frequency of the misbehaviour.

Consequences should, where appropriate, follow District procedures and will:

- Be thoughtful, consistent and fair.
- Seek to prevent a recurrence of the offense.
- Teach acceptable social behaviour rather than be merely punitive.

And where appropriate

- Provide means for restitution and restorative actions.
- Involve the offender in determining a corrective plan of action.

Notification

It is understood that communication is essential to the home and school partnership. Notification is given to Burnsville's community of our school's Code of Conduct. As well, notice is given to the parents and students of the range of responses that schools may apply to breaches of the Code of Conduct including threat making behaviours.

For breaches of the Code of Conduct, notification may occur as follows:

- Parents of student in breach of the Code of Conduct
- Parents of student victim(s)
- School and District personnel – where appropriate
- Police and/or other agencies – where deemed appropriate or where required by law
- All parents of the school community – when deemed important to reassure members of the school community that school and district officials are aware of a serious situation or incident and are taking appropriate action to address it
- When the breach of the Code of Conduct is criminal in nature, police will be consulted prior to public notification

Student Threats to Safety

The safety of our students is a top priority for all of us in the Delta School District. When a threat or violent incident occurs it is taken very seriously and a student threat assessment is started.

As partners in educating our youth, everyone in the community has a duty to report all threat-related behaviours. These threats include expressing an intent to harm themselves, another person or property, or acting out violently against them. Whether the threat is spoken, drawn, made with gestures or on social media, they must all be taken seriously. We will investigate and respond to all harmful threats to our students.
